We had probably the greatest challenge in Division 1 football last week-end, Goodwood at Goodwood. It was a great day, weather wise for football, but that is where it ended for the Tea Tree Gully A Grade.

From the 1st siren to the last, we were outclassed by a better side on the day. Goodwood gave us a bit of a footy lesson and showed the boys what standard of footy is required to win Premierships at this level. We showed glimpses of what we are capable of, but glimpses do not win footy games. A four quarter effort from the lads is good enough to beat any team in this competition and we aim for that to occur this week.

In saying this we did have some good contributors. Daniel Wicks, like he has been every week, was fantastic all day. He is a great player and leads by example week in and week out. Josh Bollmeyer continues to impress. He is on the improve each week and will be a star for this football club in years to come. It was also great to welcome back the Captain, Daniel Golding, who as he does every game, gives 110% with his 2nd and 3rd efforts.

Unfortunately we had to few contributors for the day and a much more committed effort is required to get over Gaza this week at home. It will get a great test and being at home, we expect a big turn around in our performance. Great teams respond to a loss and that is exactly what we plan to do this week, so get out and support the boys in what will be a great clash.

This week we travelled down to Goodwood knowing we would have to once again show improvement in our intensity for four quarters to come away with a win.

We had a very good start leading 4.4 to 0.4 at quarter time. The second quarter was a tight tussle but we relaxed to let Goodwood kick a few late goals to level the scores at half time.

As was the case in the first half our tackling and pressure on the opposition was excellent and we went into the last quarter with a nine point lead.

We controlled the first 10minutes of the last quarter, but like last week we were not able to convert our opportunities. Goodwood then took their chances and in the end it was a disappointing nine point lost.

After leading 90% of the game it was one which we deserved to win. The intensity was a vast improvement but small lapses cost us dearly, we also let ourselves down with bad skill errors, not hitting targets when we had possession resulting in turnovers.

The challenge now is to take that pressure into next week and to continue to improve our run, talk and basic skills with both foot and hand.

A special mention to Brett Pike, Chris Foura and Todd Hincks for playing their first B grade game for the club.

Next week becomes a must win game if we are to push for a top five spot, I know we will continue to improve and step up another level and that will give us an opportunity for our second win.

A fair result at home.

Frustrating and somewhat interesting as we had so much football but really made it challenging for ourselves through poor execution and delivery of the football.

We again got away to a great start and kept that momentum for a lot of the game. We had first use of the football from the centre clearances and capitalised around the ground at most contests, at a price some times. Great games again from Alex John Williams and Brad Myers backed up by the little man Andrew McKelvie. Shayne Tregloan and Shannon El Cheikh were winning all ruck contests and Ben Haynes was sensational on the half back line enhanced by some great work done by Kym Rankin and Mark Hancock. We had patches of brilliance from Damian Kshammer and Shane Tregloan up forward, who really made the forward line their own but the real tough play and hard ball gets came from the Captain Peter Uncle from the middle.

Let me tell you this..... although the score reflects a 6 goal win, Flinders weren't easy and we gave them a chance hence why we still have to play a stronger and smarter brand of football. At this point in time the fitness level that we need to be at to be able to match it to these faster sides is improving but still lacking and I know that we can fix this.

Play the game. Don't let the game play you. Play to win.

Bring on Adelaide Uni this Saturday. These quick students will be a test for our desire to win.

Round 4 saw the Div. 7 Reserves host Flinders University, a team which like us was yet to get a win on the board this year. Before the game we spoke about the importance of winning the contested ball and applying pressure to the opposition when we did not have the ball, two areas in which we have been found wanting this year. I'm pleased to report that for first time this year we clearly dominated our opposition in these facets of the game.

Footy is a simple game in that if you can win more contested ball than the opposition and apply sufficient pressure to force turnovers you go along way towards winning. It was great for our blokes to get a real sense of this and get the reward of a comprehensive win for their efforts.

Another pleasing aspect was that everyone played their part in the win and for once it was actually difficult to find our best players. Bucky Haynes and Brad 'BJ' Jones played their best games for the year so far and were instrumental in setting up the win. Nathan Manto again led the way in winning the hard ball and clearances. Jay Borlace provided his usual uncompromising contest in the ruck and was well supported by Peter King, in a welcome return from pre-mature retirement.

We also welcomed back Johnny Lucas who finally provided us with a real forward target and kicked 6 goals, while he was well supported by Liam McAndie who brings enthusiasm and a real contest at Centre Half Forward. Jordan Burdett improved his performance from last week by laying at least half a dozen tackles and Benny MacDonnell took a step closer to his best racking up plenty of contested possessions.

The back six led by Shane Jarman, Travis Langston and Dave Valentine continually won contested ball and it was great to see the boys back themselves by taking on their opponents and regularly looking to switch the play.

One of the best things about being a coach is seeing young blokes improve and take their opportunities. Brad 'Panther' Deluca and Brandon Sumner are certainly doing that and are cementing themselves into the side. Panther has been at the Club for a long time, but is now really starting to play with some real aggression and is regularly beating older and bigger bodies for the footy. Young Brandon Sumner is new to the Club and seems to have real natural football ability. His chase and run down of an opposition player in the last minute of the game was inspirational and is exactly what we want to be about this year.

We've also found a real player in Ashley Adsett who I thought was our best player on the weekend. Playing at full back he did not make a mistake all day and done all the hard team things. He spoilt the ball with purpose, laid tackles, shepherded his mates, switched the play and took the game on even at one stage taking about six bounces from full back through the middle of Pertaringa Oval. It was great to watch.

A special mention also to Nathaniel 'Keckers' McKechnie who when he got his opportunity made a real contribution and laid one of the biggest tackles you will ever see. Keckers never misses training and is simply one of the best team men the Gullies has ever had.

In summary it was good to get a win on the board and to hear the boys belt out the Club song with pride. Having said this I would caution that we should all know only too well that our opposition on the weekend are not likely to be around at the business end of the year. Regardless we have now seen what can happen when we are prepared to work for each other.

We face a massive challenge this week against the reigning premiers in Adelaide Uni so lets make sure we get out to training and do everything possible to repeat our efforts this week.
